Children's Mental Health Awareness Week 5th - 9th February

Throughout next week, we will be taking part in activities to promote Children's Mental Health week. The week is co-ordinated by Place2Be, a children's mental health charity that provides counselling, mental health support and training in UK schools. We believe that children should not have to face mental health problems alone. This year's theme is 'My Voice Matters' - children and young people who feel that their voices are heard and can make a difference have a greater sense of community and self-esteem. More information and resources for families can be found here: [Place2Be - Families](#) Please see the attached timetable for events through the week.

Safer Internet Day - 6th February and Parents Online Safety Meetings 6th/7th Feb

Safer Internet Day 2024 will take place on the 6th of February 2024, with celebrations and learning based around the theme 'Inspiring change? Making a difference, managing influence and navigating change online'.

In our newsletter last week, we shared a flyer for a free webinar for parents called 'Navigating the Digital Landscape' being held on Tuesday 6th February. We have attached the flyer again for those interested.
