How well has the policy achieved its purpose and outcomes?	
<p>This document outlines how we will improve access for disabled pupils to the curriculum, physical environment, and information. The primary purposes include:</p> <ul style="list-style-type: none"> • To increase the extent to which disabled pupils can participate in the school's curriculum, ensuring that all pupils have equal access to educational opportunities. • To make physical changes to the school environment that enable disabled pupils to take better advantage of education, benefits, facilities, and services provided by the school. • To improve the delivery of information to disabled pupils in ways that are accessible and understandable, ensuring that they receive the same information as their peers. • To ensure compliance with the Equality Act 2010, which mandates schools to make reasonable adjustments for disabled pupils. 	
Updates and/ or changes to policy:	
March 2025	<p>Updated link to Accessibility Strategy Surrey Local Offer</p> <p>Added new objective to action plan: To enhance the accessibility of the school's curriculum and learning resources</p> <p>Added need for ramp to Honeypot building to action plan.</p>

We have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils and or staff with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty (PSED) requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

At Barnett Wood Infant School we are aware that we have a general duty under the Equality Act 2010 to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
- Foster good relations between persons who share a protected characteristic and persons who do not share it.

With this in mind this Accessibility Plan has been drawn up in consultation with all relevant stakeholders of the

school and covers the period from April 2025 – March 2028. It should be read in conjunction with our school's

Equality policy.

We are committed to providing a fully accessible environment, which values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs.

We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan. The plan has been written using guidance [Accessibility Strategy \(surreylocaloffer.org.uk\)](https://www.surreylocaloffer.org.uk)

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

1 Increasing the extent to which disabled children can participate in the curriculum.
