

Barnett Wood Infant School

Intimate Care Policy

Barnett Wood Infant School

Policy Impact Statement and Updates

Policy:	Intimate Care Policy
Date of review:	November 2025
Governor/s responsible:	Non-statutory - approval delegated to Headteacher
Status / date of next review:	November 2027
How well has the policy achieved its purpose and outcomes?	
<p>The policy has fulfilled its purpose in that it ensures the safety, dignity, and privacy of pupils requiring intimate care, while protecting staff from allegations or misunderstandings. It provides clear guidance, and establishes consistent procedures for staff delivering intimate care to pupils, including those with SEND or other specific needs.</p> <p>The policy promotes dignity and respect, and ensures that intimate care is carried out in a way that respects the child's privacy, preferences, and developmental stage.</p> <p>It aligns with safeguarding policies, equality legislation, and OFSTED requirements to protect pupils' rights and wellbeing.</p>	
Updates and/ or changes to policy:	
November 2025	Added link to new EYFS Framework to statutory guidance.

We have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils and or staff with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty (PSED) requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

1. Introduction

At Barnett Wood Infant school, we are aware that there may be times when children will need support with intimate care. Barnett Wood Infant school is committed to ensuring that all staff responsible for the intimate care of pupils will undertake their duties in a professional manner at all times, and recognise the need to treat all pupils with respect when intimate care is given. No child should be attended to in a way that causes embarrassment, distress or pain.

2. Aims

This policy aims to ensure that:

- Intimate care is carried out properly by staff, in line with any agreed plans
- The dignity, rights and wellbeing of children are safeguarded
- Pupils with intimate care difficulties are not discriminated against, in line with the Equalities Act 2010
- Parents are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care which involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

2. Legislation and statutory guidance

This policy complies with the Department for Education (DfE) statutory safeguarding guidance:

[Keeping Children Safe in Education](#)

[Early Years Foundation Stage \(EYFS\) statutory framework](#)

3. Role of parents

3.1 Seeking parental permission:

For children who need routine or occasional intimate care (e.g. for toileting or toileting accidents), parents will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form (if used), an intimate care plan will be created in discussion with parents (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents afterwards.

3.2 Creating an intimate care plan

Where an intimate care plan is required, it will be agreed in discussion between the school, parents, the child (when possible) and any relevant health professionals.

The school will work with parents and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1 for a blank template plan to see what this will cover.

3.3 Sharing information

The school will share information with parents as needed to ensure a consistent approach. It will expect parents to also share relevant information regarding any intimate matters as needed.

4. Role of staff

4.1 Which staff will be responsible

Any roles who may carry out intimate care will have this set out in their job description. This includes teachers, teaching assistants and office staff.

No other staff members can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

4.2 How staff will be trained

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as is possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures, including those related to COVID-19

They will also be encouraged to seek further advice as needed.

5. Intimate care procedures

5.1 How procedures will happen

If a child needs to be cleaned, staff will make sure that:

- Protective gloves are worn
- The procedure is discussed in a friendly and reassuring way with the child throughout the process
- The child is encouraged to care for him/herself as far as possible
- Physical contact is kept to the minimum possible to carry out the necessary cleaning.
- Privacy is given appropriate to the child's age and the situation
- All spills of vomit, blood or excrement are wiped up and flushed down the toilet
- Any soiling that can be, is flushed down the toilet
- Soiled clothing is put in a plastic bag, unwashed, and sent home with the child

Hygiene

All staff must be familiar with normal precautions for avoiding infection, must follow basic hygiene procedures and have access to protective, disposable gloves.

Protection for staff

Members of staff need to have regard to the danger of allegations being made against them and take precautions to avoid this risk. These should include:

- Gaining a verbal agreement from another member of staff that the action being taken is necessary
- Allow the child, wherever possible, to express a preference to choose his/her carer and encourage them to say if they find a carer to be unacceptable
- Allow the child a choice in the sequence of care
- Be aware of and responsive to the child's reactions

Procedures will be carried out in the school office or children's toilets.

Procedures will be carried out in a COVID-safe way according to the school's risk assessment and COVID-19 protocol.

When carrying out procedures, the school will provide staff with:

- Wipes
- Protective gloves and apron
- PPE including face coverings if required
- Bag for soiled items

For pupils needing routine intimate care, the school expects parents to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents at the end of the day.

5.2 Concerns about safeguarding

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to member of senior leadership team.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

6. Monitoring arrangements

This policy will be reviewed by the headteacher annually. At every review, the policy will be approved by the governing body.

7. Links with other policies

This policy links to the following policies and procedures:

- Accessibility plan
- Child protection and safeguarding
- COVID-19
- Health and safety
- SEN
- Supporting pupils with medical conditions
